VERTICAL

New! e-Matrix Vertical

With our new e-Matrix Vertical we are responding to this clear market demand and because it is 100% electric, we also offer a unique proposition. Thanks to our patented water vapor technology, we are the only fireplace manufacturer in the market to offer a fully-fledged vertical see-through fireplace. Add to this the lack of an chimney need and the application possibilities are endless!

Why opt for the e-Matrix Vertical:

- Unique, the only 100% electric, vertical see-through fire on the market.
- At a height of 160 cm and 80 cm wide; one of the largest available vertical fires,
- Adjustable RGB LED lighting; for an even more realistic flame effect,
- Choice of decoration; Log set, Carrara pebbles or Acrylic ice,
- Optional bottom lighting for an even better mood effect,
- Adjustable heat; 1 or 2 kW,
- Simple maintenance via the stylishly integrated door,
- Operated via the enclosed remote control or the Faber App for even more options,
- Low-energy, 0% emissions, 100% flames!
